## Impact of the project

**How have you been impacted by the light rail construction?**

Noise - out of hours, staff starting before 7am talking loud, disruption to access to our house when working out the front, extra dirt, dust, bitumen laid out front & walked into the house, front garden destroyed due to installation of 'pit' in the garden, installation of electrical box on wall at front in between neighbours house, after double glazing was done it was expected we would never open windows again hence the idea of installing an air vent.

**What do you estimate the financial damage incurred to you / your business or home as a result of the light rail construction?**

Very difficult to assess & place a figure on that especially if the house is de valued.

**As a resident, have you been supplied with or offered noise mitigation equipment or double glazing for your property?**

Yes, double glazing was placed on all front windows, they refused to do the side of house windows which I argued about. My daughter was disrupted in her bedroom located on side of house. I refused to have the vent installed as it meant putting a hole in t

**Can you demonstrate the financial impact of the light rail construction comparing revenue/expenses to 12 months prior to commencement of SLR construction?**

No

**Do you have evidence to support your claim (invoices/tax returns/profit & loss)?**

No

**Has your mental health been impacted as a result of the project?**

Only on nights/days due to lack of sleep & disruption, concerns if this will de value my property in the future,
