Thanks to the NDIS my mother who is in her mid seventies no longer needs to worry about me when she goes out to travel. I am no longer confined to my home and am able to go out see what's around my neighbourhood, go shopping and the like. The NDIS has made a big difference in my life. I am truly grateful for all the supports that it gives me. Before then it was like waiting to die! With nothing left to live for. I am truly grateful that it is here to help.
