**INQUIRY INTO IMPACT OF THE CBD AND SOUTH EAST
LIGHT RAIL PROJECT**

MY PERSONAL DETAILS ARE CONFIDENTIAL

I am concerned about the impact on local businesses and communities as a result of the project. My partner has a dog walking business, mainly located on Robertson's playing fields and in the Randwick end of Centennial Park. Over the past two years, we've had to witness the removal of many trees, with constant track work to no obvious result. There's been the removal of habitat and shade for humans and dogs, the encroachment onto the refuge of the park, the massive uglification of Anzac Pde and Alison Rd, and all as a result of planning flaws that could have been avoided. I gave up a class at UNSW which I used to cycle to via Anzac Pde as I found it too distressing to witness the destruction. I avoid the area, taking much longer car routes to go around it – this is the human toll the light rail is taking, creating distress where there used to be pleasure and serenity in the beautiful trees of the park. Thank you for considering my Submission.

Yours sincerely,
