Thank you for the opportunity to make a Submission to the Inquiry.

In particular, I am concerned about the impact on local business and communities as a result of the project.

My specific concerns follow: Apart from ‘murdering’ our historic trees, the NSW Government seems to have gone hung ho into this project without any consultation whatsoever with businesses and residents impacted by this white elephant. The ONLY people who benefit from this disgraceful debacle are Randwick Racecourse goers, UNSW pupils and POW Hospital patients, staff, etc. All other Randwick residents miss out and still need a bus – or gopher- to reach the light rail. In the early days the government promised they would not touch High Cross Park where the war memorial stands – but, no, almost 3/4 if the park has been destroyed by this monstrosity – the only word that aptly describes this inept conception of a very corrupt government. There is no other word for it but corruption as no sane person would have dreamt up the most unpopular concept without there being something unusual behind it.

Thank you for considering my Submission.

Yours sincerely,
