Thank you for the opportunity to make a Submission to the Inquiry.

In particular, I am concerned about the disrespect and environmental vandalism of cutting down trees.

My specific concerns follow: Trees are a major source of amenity, particularly in cities where greenspace and natural bush is limited. Many have been destroyed as result of this project, and this should be halted. It is a disgrace that significant trees commemorating veterans have been cut down. This should not go unpunished, and the trees restored or replaced at the minister's cost. Thank you for considering my Submission.

Yours sincerely,
