Thank you for the opportunity to make a Submission to the Inquiry.

In particular, I am concerned about the impact on local business and communities as a result of the project.

My specific concerns follow: -the light rail is costing a lot of money without benefiting anyone except perhaps the company working on it. -the light rail starts at Kingsford, so for me to get to work instead of getting one bus like currently, I'll have to get a bus and change to light rail, making my trip longer and more expensive. -I was deeply disturbed that trees along Anzac pde that should have been protected were cut down for a light rail that no one needs. -as there is no parking available along Anzac pde anymore it is harder to get to shops there and I am aware of several businesses that have already had to shut down.

Thank you for considering my Submission.

Yours sincerely,
