Thank you for the opportunity to make a Submission to the Inquiry.

In particular, I am concerned about the impact on local business and communities as a result of the project.

My specific concerns follow: I do not live or work in this area but I feel I have a right to make a submission as this WAS a very beautiful area and the reason it WAS, was because of the magnificent trees that lined the streets and created a haven for humans as well as our wildlife, which for some reason this government seems to think is very unimportant in comparison to MONEY. These trees and many others that have been chopped down around Sydney and its suburbs can absorb One Tonne of carbon monoxide and change it back into our OXYGEN, so the government needs to have a good look at itself and its decisions and consult the people as we have rights which are seemingly taken away from us day after day.

Thank you for considering my Submission.

Yours sincerely,
