Dear NSW Government,

Thank you for the opportunity to make a Submission to the Inquiry. I'm appalled by another infrastructure project that has been so poorly planned and so recklessly enacted. The pure mess and ugliness all along the light rail route has made SYDNEY a visual blot for International visitors and locals alike. Now we have the scandal of delays, chaos, expensive litigation and poor communication and management of the company responsible for the execution of this folly. Heritage, history and 100 year old trees destroyed with scant regard of their value or benefit to our beautiful city. Vandals! As an older Australian I resent the inconvenience of the new bus routes since George St has been disabled. There is very little signage, long distances between stops and no bus access to Circular Quay. Life has been very difficult personally, with limited walking ability, since the wrecking ball began to swing. Buses have been running to an impossible schedule dealing with imposed congestion and the public have paid the price. Plus this has led to a trumped up excuse to privatise the Inner West line. Shame on you.

I am also concerned about the impact on local business and communities as a result of the

Thank you for considering my Submission.

Yours sincerely, Alesoun Marsden
