Thank you for the opportunity to make a Submission to the Inquiry.

In particular, I am concerned about the impact on local business and communities as a result of the project.

My specific concerns follow: The concrete road partitions were erected on Alison Road near the race course. These partitions do not allow emergency vehicles to be able to pass cars in an emergency which is life-threatening to the patients they are treating. The barriers and blockade that are still erected in areas where lines have been completed and not endangering the public anymore. Road lanes have been decreased and traffic is worse than ever. Trees have been destroyed for no reason.

Thank you for considering my Submission.

Yours sincerely,
