INQUIRY INTO IMPACT OF THE WESTCONNEX PROJECT

Name: Ms Jenny Crane

Date Received: 16 August 2018

I have concerns over what the Westconnex is doing to both air quality and traffic congestion in the Haberfield/Fivedock area. I have not seen any formal publications of air testing, and am genuinely concerned for our on going safety, in addition to the safety of children, particularly at Haberfield Public School who are in the middle of the construction zone. The safety of these children is a major concern. What will it take until safety measures are implemented to protect the you. I believe little though and or care is being put into the construction because we are a labor seat, and votes will not be lost. Its a very scarey and sad state of affairs. Regards Jenny
