**INQUIRY INTO IMPACT OF THE WESTCONNEX
PROJECT**

I am concerned that in my retirement, I will be subject to years of construction noise, day and night. I am concerned re the pollution from stacks - I do not think the area near Iron Cove Bridge is appropriate. I live in a high rise unit, have asthma. In fact, I do not think the whole project is appropriate, the inner west copes very well with the existing public transport. This area is too densely populated and the impact of this deplorable construction will be devastating. The money can be better utilised without this destructive, ill planned project. If this goes ahead, the Liberals have lost my vote forever.
