AMENDMENT REGULATION 2018**

My father was killed when I was 18months old and has been gone 37 years. I visit his grave regularly and it would absolutely break my heart if I could not visit him due to the governments decision to destroy what is my property as my grandparents paid for it thinking their youngest child would Rest In Peace for all eternity. This will destroy our history! Have you people not destroyed enough of our history? Wellington pioneers cemetery under the highway and headstones crushed, Burrendong cemetery under a dam, Sydney pioneers cemetery under a railway station must I really continue? If you want to destroy your own family graves go ahead but leave mine the hell alone!!! The government is an absolute embarrassment to our country. I descend from first fleeters the people who built this country and you want to remove their graves? The only words for people like you is vile.
