INQUIRY INTO CEMETERIES AND CREMATORIA AMENDMENT REGULATION 2018

Name: Miss Rebecca Fren

Date Received: 29 August 2018

I submit that the despoiling of graves where people have been buried and intended to remain should not be allowed to happen and any legislation in favour of such practice is immoral and unthinkable. Apart from being an unconscionable act to dig up bodies intended to be a final resting place, this would go against some peoples religious beliefs and bring untold distress to remaining families. Is nothing sacred anymore.
