AMENDMENT REGULATION 2018**

I propose that respect is given to citizens buried in NSW and their families. I propose that this law implemented and impacting on Cemeteries and Crematoria Amendment Regulation 2018, which sees the possibility of removal of bodies of those who died and were buried upto and beyond 25 years ago, be blocked and ceased. The bodies of the deceased have reached their final place and lay to rest, providing peace to their families and loved ones. In respect of the families and deceased, I propose another solution be found, rather than creating trauma to families and friends of the deceased.
