**INQUIRY INTO IMPACT OF THE WESTCONNEX
PROJECT**

I am writing about the Westconnex and the appalling destruction it has and will cause: The tearing down of so many trees and parklands to widen the road to take thousands of cars. The tunnelling underneath properties, where some of the houses have developed cracks in their walls. The reduced air quality with all the extra cars. The lack of proper consultation and transparency with communities. And finally, where on earth are all these extra cars supposed to go once they arrive in the city?? Please end this madness! Yours sincerely
