**INQUIRY INTO CEMETERIES AND CREMATORIA
AMENDMENT REGULATION 2018**

Name: Mrs Sandra Prior

Date Received: 30 August 2018

My local community has just been informed of your intention to have a 25 year time limit to resume Gravesites.

I am opposed to this.

My five year old son was buried in 1999. I have a family plot next to him.

We visit often. He has a permanent headstone and memorial.

Other deceased neighbours have similar plots and their families are regular visitors.

I fail to understand how this regulation would work.

It is understood cemeteries are filling up fast and land is a valuable commodity.

However this is not the correct way to deal with the situation.

Yours sincerely

Sandra Prior
