**INQUIRY INTO IMPACT OF THE WESTCONNEX
PROJECT**

I am very concerned about the impact of the Westconnex project on Sydney's liveability - has the NSW government consulted the public about the reduced air quality, the massive loss of parkland and trees? Has anyone driven through Alexandria along McEvoy to actually understand what the influx of cars will do to an already congested area? I'm furious. The NSW government is shortsighted and is acting without the proper transparency. I resent the spending of tax payer money in ways that do not represent what the community really wants. Please consider public transport as an alternative to this dodgy, short sighted project that will irretrievably damage our city. Best regards,
