what hope is there when NDIS refuses to comply with Discrimination Act and provide electronic forms for completion by people with physical and vision disabilities - and even after intervention by the Ombudsman say "get the carer to complete it" or "see your local member" After the Commonwealth Ombudsman withdrew, several more phone calls were made and eventually an electronic word version of the sign up form was obtained. When asked out all the other forms NDIS advice was "No! you will have to start the process again for each one". PWD need support NOT BARRIERS and based on above thats what we have here
