**INQUIRY INTO IMPACT OF THE WESTCONNEX
PROJECT**

Name: Mr Preston Hawkes

Date Received: 29 August 2018

As a 23 year old, I can tell you honestly that I avoid private transport as much as possible. Not only is it more expensive to maintain a car, it is also a lot more pollutive and dangerous. In my opinion it is a ridiculous proposal to continue to support the use of private transport when so much land, time and resources are used up to create long queues of traffic.

To me it seems like the only people who benefit from this system are the ones who charge the tolls.
