## **INQUIRY INTO IMPACT OF THE WESTCONNEX PROJECT**

I am concern of:

- 1) the induced traffic in my area as a result of the wider roads connecting to the St Peters interchange (and the interchange itself).
- 2) the resulting harmful air and noise pollution in the nearby residential area.
- 3) reduced accessibility to Sydney Park because of the high traffic and faster vehicles due to the wider roads surrounding the park.
- 4) the "public green space" which is in truth is unusable land as a result of building the interchange being used as homeless shelters.
- 5) the waste of prime real estate land for building roads that incur a high ongoing maintenance cost; but not being utilized much outside of peak hours.
