INQUIRY INTO IMPACT OF THE WESTCONNEX PROJECT

Name: Professor John Forge

Date Received: 29 August 2018

I am writing to you as someone who has lived in the inner west since 1980. I came to Australia in 1975 from England, and I greatly value the way of life that I found here in Sydney. Unfortunately, in recent years that has been greater congestion on the roads and greater pollution, things that plague English towns and cities. I fear that with Westconnex, even more traffic will be funneled into our suburb. That said, the proposal to build a 'tube' in the White Bay area as the Western Harbour Tunnel, dredge up a trench across the harbour by Yurulbin Park is a truly awful prospect. I do hope that that option will not be realised.
