## **INQUIRY INTO IMPACT OF THE WESTCONNEX PROJECT**

**Name:** Miss Alison Boulton

**Date Received:** 28 August 2018

---

Please be advised that the whole WestConnex project is deeply flawed

- \* It is inconsistent with the NSW Government's policy to reduce the number of cars coming into the city and to reduce congestion;
- \* There has been inadequate planning and changing outcomes and the current goals of the project are not clear;
- \* It has a flawed business case based on assumptions that are no longer valid;
- \* The serious threats to our city's liveability including reduced air quality and the massive loss of parkland, trees and valuable inner city land; and
- \* A serious lack of transparency and consultation with affected communities.
