

**INQUIRY INTO CEMETERIES AND CREMATORIA  
AMENDMENT REGULATION 2018**

**Name:** Mrs Cathy Fitzpatrick

**Date Received:** 30 August 2018

If your intention is to dig up and re-sell burial plots, surely you have a new burial site to place past lost ones, with the compensation funds, to compensate for past costs and future costs to families, once you desecrate the sites?? This is the most disgusting thing I have heard in my 53 years of my being..My brother years before me was put to rest in a poor grave, unmarked..but my mum would take me to the site where her son, my brother slept..One day we went and my mother sobbed, Kevin's grave was the site of a housing estate....Our country is so huge, the land is there to expand, yet your brain is the size of Canberra and you don't expand and grow..and now you are going to be known for stealing in life and in death??? I would pray for your souls, if only you had them..I would laugh if this wasn't so bloody sad!!!! Please have respect before \$\$\$\$ PLEASE!!!!
