Name: Mr Andre J Veerman

Date Received: 31 August 2018

Re: West Connex project submission, The area, Residents and Centennial Parklands are under a grave threat by this project, given the large scale , we urge the project managers to take the responsibility and care, to take into account the sustainability of the wet lands ecosystem and habitat in the building of the West Connex project, and to minimise the impact of the construction on the residents of the area. Kind Regards Andre J Veerman
