To the Director,

My main concern is the disruption and destruction of the Newtown community and ambience. I have lived in Newtown for 12 years and very much appreciate the sense of community and friendliness of the shopkeepers. I can walk anywhere without having to worry about cars. It is incredible to think that in 2018 the government is investing in roads rather than public transportation! King Street will become a freeway rather than the fun strip it has always been. I am also concerned about the increased pollution. Not only from the increase in cars on that road but also the tunnels which will be pumping poison into our communities. STOP WESTCONNEX and put our taxes to good use for the future!
