Re: Parliamentary Inquiry into Impacts of Westconnex

30/8/2018

I write this letter regarding the impact that Westconnex has had on myself and family.

This is a copy of my letter to Westconnex, they have destroyed our lives.

My family and I are suffering greatly. It has been very emotional and I cry myself to sleep and so does my sister. We don't tell our parents as they are already upset enough and don't want to be upset.

I would like to tell you my story as it is a long story to tell.

Below is a copy of an email that I sent to Westconnex when my house was being bulldozed: no care factor, I am 13 now and this nightmare started 5 years ago in November.

Dear

Thank you for your email and for sharing the personal circumstances of your family.

We understand that relocating your home to a new area can be very difficult for all concerned.

We appreciate your feedback and wish you and your family all the best.

Yours sincerely

EventComment: You guys are the meanest people in the world. Today I saw my house getting demolished and you made my whole family cry. We will never forget what you did to us. If you were me you will be so upset about what you're doing. My question is why did you have to do the tunnel?

because the road is already fine the way it is, nothing is wrong with it. My family thinks you guys are and wishes WestConnex will die.
