To The Legislative Assembly,

I would like to lodge a Submission to changes to the legislation allowing crematoria and cemeteries to replace our dead family members with other people in the future. I really object to this, it's an extra cost emotionally and financially and I don't think it's fair to do this to any family. This is being disrespectful not to mention the plot has already been paid for, how can you ask families to continue to pay for a burial plot for their loved one what if they are unable to pay. That's disgusting and feel is a greedy grab for more money, I have purchased a plot and I don't want to be dug up and disposed of, goodness knows where. Also you have the cost of the headstone, they are not cheap, they are expensive. I'm asking you to reconsider and not go ahead with the new legislation, there must be others who are not pleased . I do hope this is read and my thoughts and feelings are considered.

Yours Sincerely,
