**INQUIRY INTO IMPACT OF THE WESTCONNEX
PROJECT**

Name: Name suppressed

Date Received: 30 August 2018

Partially
Confidential

I have great concerns about the Westconnex project and the impact it will have on The inner west and Rozelle in particular. This is a residential area and I dread to think of the impact to the residents when the works are happening and then the awful pollution and congestion when the tunnels open. A proper filtration system needs to be in place rather than "concealing" smoke stacks in a park area which will be constantly pumping out poisonous fumes and damaging our children.

We have decided to move out of the area which is a shame as it's such a beautiful community. Please take note of residents' concerns. There is still a chance to stop this huge mistake!
