

**INQUIRY INTO CEMETERIES AND CREMATORIA  
AMENDMENT REGULATION 2018**

**Name:** Mrs Sandra Prior

**Date Received:** 30 August 2018

---

I oppose the regulation to resume Gravesites after a 25 year time lapse. My son died in 1999 aged five. He has a permanent headstone and memorial surrounding his remains. We have purchased the adjacent plot for family. In our case we would be burying family members to be together yet those deceased prior would be at risk of being exhumed. Many neighbours are also in the same cemetery and families visit frequently. I understand land is a valuable commodity and cemeteries are filling rapidly but this is not a workable proposal.
