**INQUIRY INTO IMPACT OF THE WESTCONNEX
PROJECT**

Name: Name suppressed

Date Received: 30 August 2018

Partially
Confidential

To Whom it may concern, I am strongly opposed to the Westconnex project and am particularly concerned with the fact that there are plans for unfiltered ventilation stacks placed in multiple areas. Living in Balmain I am specifically against the projects planned unfiltered systems that are to be located in Rozelle. These are are violation of peoples rights to live in a safe environment and from my understanding violate Australian pollution standards. With no idea of the impact this will have on our health or that of future generations this project is truly awful. Please lodge my submission in opposition for any part of this project to be destroying the suburb of Rozelle and in turn the safety of the air we breath in the surrounding areas and all over Sydney
