**INQUIRY INTO IMPACT OF THE WESTCONNEX
PROJECT**

Name: Name suppressed

Date Received: 31 August 2018

Partially
Confidential

Living near Westconnex is forcing us to consider moving out of Sydney. My main concern is the effects of rising pollution on my son, who suffers from asthma. Pollution is killing people and sooner or later the Government will be held responsible for their flagrant disregard for public health.

Encouraging car use is the quickest way to ruin this city. We need public and active transport infrastructure. I despair whenever I look out at the wasteland of St Peters I am sickened by the sheer ugliness and waste of potential.
