**INQUIRY INTO IMPACT OF THE WESTCONNEX
PROJECT**

Name: Name suppressed

Date Received: 31 August 2018

Partially
Confidential

As a long time resident of Annandale I am extremely concerned about the impact of the construction period on this area. My main concerns are: - the air pollution to the area while excavation work takes place at the major intersection area - the possibility (and probability) of pollution to the surrounding harbour waterways - the number of heavy duty earth moving/boring vehicles heavy duty rubble removing . trucks that will be travelling in local streets - we have three primary schools (Annandale North, St Brendan's and Annandale North as well as aged care residences in Johnston St/Trafalgar St area. THIS RAISES ISSUES FOR THE SAFETY OF CHILDREN AND THE AGED, DAMAGE TO OUR LOCAL ROADS AND NOISE IMPLICATIONS FOR THE SCHOOLS. - every direction we travel into at the moment seems to be in a construction Zone causing hold ups and delays and diversions which is a reduction of amenity WHICH HAS BEEN HAPPENING FOR FAR TO LONG TO BE TOLERABLE. PLEASE STOP AND THINK HARD!!!!
