**INQUIRY INTO IMPACT OF THE WESTCONNEX
PROJECT**

Hello,

This is about westconnex stage 3.

You would save a lot of money if light rail / trains were built instead of roads. After they're built, it'll enable people to use their cars more and more roads will need to be built at the destinations of these new roads.

The bigger cities of the world mostly depend on subway, trains. Cars are usually a luxury.

Thanks
