**INQUIRY INTO IMPACT OF THE WESTCONNEX
PROJECT**

I write to you as a local resident & business owner

The negative impact & inconvenience of the Westconnex project on the physical, mental and emotional health of my family and staff cannot be overstated.

The dust! The bad smells! The noise!
and then add on top traffic hazards and parking issues...

I have staff on rotating sick leave with previously unheard of sinus issues that we can only attribute to the environment they are working in

I feel that our gem of an inner city suburb will never be the same now that Westconnex (& the obvious corruption that goes with it) has cut its way through
And to what end? a few minutes cut off trips from the west to the airport?
