

**INQUIRY INTO WATER NSW AMENDMENT  
(WARRAGAMBA DAM) BILL 2018**

**Name:** Name suppressed

**Date Received:** 2 October 2018

---

Partially  
Confidential

I respectfully request to the Members of Parliament and the members of the Inquire Committee Water NSW Amendment ( Warragamba Dam} Bill 2018 that before making a hasty and wrong decision on the flooding of the Blue Mountains National Park to pay attention and to hear the opinion of experts and the public. We, the Australian people and all the people all over the world that are concerned about the damage and irrevocable loss that a hasty decision made by the authorities and how it will affect such a beautiful and pristine area of the Blue Mountains National Park are asking and demanding a thoroughly made study of alternative ways to supply water to the City of Sydney. We are worried that, knowing the story and record of the current NSW Government, a hasty decision will ruin forever one of the best keep areas in Australia. All the Citizens should endeavor in preserving such a monument for ourselves and all the future generations of Australians and millions of future visitors to this beautiful Country of ours.
