**INQUIRY INTO WATER NSW AMENDMENT
(WARRAGAMBA DAM) BILL 2018**

Name: Ms Shauna Pollard

Date Received: 3 October 2018

I cannot support any legislation the intent of which is to support further flooding of areas within the Blue Mountains National Park. This area is a conservation wilderness harbouring untold, and as yet undiscovered, flora and fauna, and area rich in natural beauty and a great lung for the greater Sydney municipality. Support and subsidies for water tanks and water recycling should be our first priority in the efforts to supply what is required, not environmental destruction.
