**INQUIRY INTO WATER NSW AMENDMENT
(WARRAGAMBA DAM) BILL 2018**

Name: Ms Sonia Bennett

Date Received: 3 October 2018

The stupidity of doing this to the Blue mountains makes me wonder what sort of ignorant trash get voted into parliament. These gutless useless politicians are really our servants and they must do what we say. They forget they are workng for us. Raising the wall will destroy everything around this dam. It will kill the vegetation and kill all the animals up stream. What a dumb stupid idea. Who thought up this stupid scheme. Do not raise the dM wall.
