**INQUIRY INTO WATER NSW AMENDMENT
(WARRAGAMBA DAM) BILL 2018**

Name: Name suppressed

Date Received: 3 October 2018

Partially
Confidential

Dear NSW Government, the proposed raising of the Warragamba Dam Wall is going to destroy vital Koala habitat and take away water supply on many small creeks and rivers feeding the dam. You have the responsibility to maintain the little that is left of our Koala population and wildlife corridors. I am asking you to stop this development now and keep safe our koalas for future generations. The devastation of National Parks, public lands and wildlife habitat in NSW needs to stop before there is nothing left. Our air, water and environment need to come first before progress and development and the economy. Leave the dam the way it is!
