Re Water NSW Amendment (Warragamba Dam) Bill 2018

I wish to lodge my objection to the proposed amendments to the Water NSW Act 2014. Any inundation of national park land in the Blue Mountains, whether temporary or not, will have significant impacts on the natural and cultural heritage of that site. Additionally, this area is declared World Heritage status. Any proposal to inundate national park land should remain subject to current environmental control, as per the National Parks and Wildlife Act 1974. I do not agree with this Bill.

The long term answer to flood mitigation is to disallow any further development on flood-plains. The age-old sensible solution.

Yours sincerely,
