**INQUIRY INTO WATER NSW AMENDMENT
(WARRAGAMBA DAM) BILL 2018**

Name: Mr Maurice Smith

Date Received: 3 October 2018

Dear Members,

I support the bill,

It is necessary to pave the way forward for a full EIS to be undertaken as per Legislative requirements in regards to raising Warragamba Dam Wall to create an AIR SPACE TO HOLD BACK FLOOD WATERS UP STREAM OF WARRAGAMBER DAM UNTILL THE FLOOD WATERS FROM OTHER INFLOWS DOWN STREAM HAVE RECIDED FROM THE VALLEY.

This will reduce the flood effects within the valley and extend evacuation time for those folk how live and conducted businesses within the valley.

During the EIS processes sites of significance to all stake holders will be identified .

Your Sincerely

Maurice Smith .
