**INQUIRY INTO SUSTAINABILITY OF THE DAIRY
INDUSTRY IN NEW SOUTH WALES**

Name: Mr Cameron Quin

Date Received: 22 October 2018

Dear all,

The focus of anything but what you were elected for is beyond an international joke. Entire industries are struggling and your sever lack of support and consideration is putting the Australian economy at great risk. This is just one of many things of why there needs to be an enquiry into your department, the dairy industry and government as a whole. You're broken.

Regards,

Cameron Quin
