**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Miss Renee Stewart

Date Received: 26 June 2019

It is incredibly cruel to force sentient beings to be locked inside cages in order to exploit their body to serve man.

These innocent individuals are conscious and have feelings and are no different than our pet cats and dogs.

These victims deserve to live their lives in peace free from harm, exploitation and enslavement.
