**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Name suppressed

Date Received: 26 June 2019

I would like to see hens in an open environment where they can display their natural behaviors; a cage is no place for any animal. The consumer increasingly wants to buy products that are ethically produced and a hen laying eggs in a cage simply isn't ethical. Animal welfare is important to me and most consumers.
