**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Miss Hannah Robertson-Sas

Date Received: 26 June 2019

To whom it may concern,

I am writing to express my concern about battery hens whose suffering is currently legal in Australian law. It is inhumane and cruel. Australian law can, and must, champion the voices of the vulnerable.

To do so, I would support an end to battery hens.

Regards,
Hannah Robertson-Sas
