

**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Thank you for the opportunity to make this submission on behalf of those hens who have no voice. I am a kind, quiet, gentle person and because of this, throughout my life, others have neither listened to nor believed me. This is extremely stressful and incredibly emotionally hurtful. If I was to also experience physical pain equivalent to that which battery hens endure, my life would be unbearable .

I believe battery hens' lives are unbearable. They are voiceless and exist in abysmal conditions. Shame on Australia.

I call on you to listen to me.

I call on you to listen to the hens.

I call on you to hear their pain and stress.

I call on you to free them from their misery.

I call on you to confine battery hen farming to history.

Best wishes. .
