**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Ms Tanya Mantle

Date Received: 26 June 2019

Hello, I am against the entire egg industry and all animal agriculture. I do not consume animal products including eggs. Animals are not on this planet for the human race to use and abuse for their own personal and financial gain or for any other reason. All species deserve the freedom to live their lives without harm from the human species they share this planet with.

If this industry is to continue, at the very least I request that the use of battery cages is abolished and made illegal in Australia. You must end the cruelty and suffering of these innocent sentient beings. Ban Battery Cages Please!
