**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN  
THE EGG PRODUCTION INDUSTRY**

**Name:** Mr Bryce Whelan

**Date Received:** 26 June 2019

---

I request that battery cages are banned and made illegal for use in Australia immediately. The use of battery cages in the egg industry is extremely cruel and does not allow chickens to engage in their natural behaviours. They are cramped, it is a prison and very cruel. It is time to end this barbaric cruelty and put an end to the suffering. Ban Battery Cages.
