**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Mr Geoff Lotton

Date Received: 27 June 2019

The entire egg industry in Australia needs I castigating and restructuring. To much corruption and dishonesty. Very strong laws and penalties. Zero tolerance! Let's get serious. True tree range to be phased in over three next couple of years. As per other industries, create the laws and industry will find a way to comply. GET SERIOUS about animal welfare. Stop playing games!
