**INQUIRY INTO LIQUOR AMENDMENT (MUSIC
FESTIVALS) REGULATION 2019 AND GAMING AND
LIQUOR ADMINISTRATION AMENDMENT (MUSIC
FESTIVALS) REGULATION 2019**

Name: Mr Jahra Mortimer

Date Received: 5 July 2019

Music festivals are important and allow for the people of NSW to connect. They are an important part of my life, and I'm concerned the NSW music festival laws weren't properly designed nor consulted on by the NSW government. I believe the laws will cause festival cancellations and therefore, destroy the culture and comradery that these events create. The jobs and overall business festivals bring to rural and metropolitan NSW, will also be lost through the music festival legislation. I therefore, ask the NSW Legislative Council to disallow the laws that were passed earlier this year.
