**INQUIRY INTO USE OF BATTERY CAGES FOR HENS IN
THE EGG PRODUCTION INDUSTRY**

Name: Professor Anne Keogh

Date Received: 28 June 2019

Human criminals are put in jail to punish them for crimes.
Why put a hen in far worse than a jail, because they can lay eggs?

So many customers are buying free range eggs as awareness explodes.

This torture has gone on too long.
No more procrastinating, no more excuses. Ban the cages now and forever.
